
EDUCATION ALLIANCE STRATEGIC INTENT

Vision

The Education Alliance Queensland will foster seamless education and training transitions for people with disability through collaboration and effective communication.

Mission

To create and maintain collaborative and meaningful relationships to enable all educators and support staff to work together to improve successful education and training outcomes for people with disability.

Goals

Develop a collective impact model that will incorporate relevant stakeholders from all educational spaces.

Create and develop a mechanism for enhanced collaboration and relationship building amongst education professionals.

Apply a continuous improvement framework to the Educational Alliance thereby enabling a solutions focused and driven environment.

Objectives

1. To provide a framework that will promote collective impact in action.
2. Create and develop a mechanism for enhanced collaboration and relationship building amongst education professionals amongst education sectors.
3. To ensure the Alliance is solutions focused and driven to provide the best possible inclusive educational experience and outcomes for people with disability.

Action Plan

Develop a Terms of Reference (ToR) for the Education Alliance. The ToR will provide a clear definition of:

- Vision, objectives, scope and deliverables (ie. what we hope to achieve)
- Stakeholders, roles and responsibilities (ie. Who will take part in it)
- Resources, financial and planning stages (ie. How it will be achieved)
- Meeting/event structure and schedule/timeline (ie. when it will be achieved).
